

Dear Trackbook Iceland User,

Thanks for all feedbacks we already got! And thanks to an attentive reader who was pointing out some inaccurate GPS coordinates.

So double-checked all the written coordinates in the book.

The good news: most of them are exactly at the right location, but we have also found some mistakes.

Since we don't want you to accidentally end up on Vatnajökull – here is a list with the corrected positions.

Good travels!

Melina and Matthias
